Professional Experience

- 1982-1990 Baker & McKenzie
- 1990-2009 Corrs Chambers Westgarth (partner)
- 2009 Barrister

Professional Expertise

- **Litigation/advocacy**

I primarily practise in commercial litigation, including corporate and commercial matters (misleading and deceptive conduct, corporate oppression, valuation disputes, and insolvency issues), construction disputes, banking and finance matters (including managed investment funds and loan and security enforcement) and professional liability matters.

Publication: Case note: *ANZ v Aldrick Family Co*, (2010) 21 JBFLP 321, which examines the banker's duty of confidentiality and unconscionability defences raised in that case.

- **Banking and finance**

I have practised as a banking and finance, property development and commercial transactions lawyer for nearly 30 years.

- **Professional conduct**

I also specialise in (solicitor) professional conduct matters, including conflicts, ethical issues and other risk management and professional standards matters.

I have advised on trust account matters, issues involving the solicitor professional conduct rules, compliance with the Legal Profession Act 2004 (particularly in relation to costs agreements and mandatory costs disclosure issues) and professional conduct complaints. I served on the NSW Law Society Professional Conduct Committee for 2007 and 2008.
